

We **all** have digital devices.

The **problem** is keeping them
charged...

An **Auiva Portable Power
Station** means
Digital Freedom!!

The Aviva Portable Power Station: plug it in, charge it up, then access stored power through multiple ports.

Use your Aviva to charge devices at home or away.

Take it with you on vacation, camping, to the beach.

Enjoy peace of mind knowing you have backup power in case of an emergency.

The S180 has a big sister: the M470. They store 182 and 470 watt-hours, respectively.
